

HIGHWAY 111 PAVEMENT REHAB IMPROVEMENT PROJECT WASHINGTON ST TO JEFFERSON ST

FREQUENTLY ASKED QUESTIONS (FAQ)

QUESTION	ANSWER
1 What is the construction schedule for the project?	The project is expected to start June 23, 2025 through October 2025.
2 What are the project limits and the improvements?	The project limits are on Highway 111 between Washington St and Jefferson St in the City of La Quinta. The improvements include the pulverization and regrading before the installation of new pavement. Additionally, minor upgrades will be made to curb ramps to guarantee compliance with the Americans with Disabilities Act (ADA).
3 What traffic impacts should I expect on Highway 111?	<ul style="list-style-type: none"> • Lane closures, reduced speed limits, and congestion at intersections will lead to increased travel times. Expect potential backups and disruptions to regular traffic flow. • Traffic lanes may be reduced, and lane shifts could occur, along with the presence of construction equipment and traffic control devices in the active work zone.
4 Will emergency services be able to access Highway 111 during construction?	Emergency services will always have full access within the project limits. Coordinating with local emergency services will ensure that operations are not disrupted.
5 How do I stay informed during construction?	Weekly project updates will be issued through email, text, social media, and a dedicated website.
6 Will I have access to the businesses during construction?	Access to businesses will be maintained throughout the construction period. Detour signage will be in place to help navigate temporary changes, ensuring minimal disruption for residents and visitors.
